

International Symposium on Recent Advances in Microbiology

August 21-22, 2026 | Hotel Grand Central Singapore

Tentative Agenda

DAY-1 (August 21, 2026)

09:00-09:30	Registrations
09:30-10:00	Opening Remark
Technical Session - I	
10:00-10:30	<p><i>Combination Treatment with Synthetic gRNA/Cas12a and gRNA/Cas9 Ribonucleoproteins Disrupts HIV Replication and Expression</i></p> <p>Prof. Zhi Q. Yao, East Tennessee State University College of Medicine, United States</p>
10:30-11:00	<p><i>Robust immunogenicity and protection efficacy of a microneedle patch-based Flu-RSV combination vaccine fabricated using partition-loading strategy</i></p> <p>Dr. Bin Wang, Advaccine Biotechnology Co., Ltd., China</p>
11:00-11:20	Group Photo & Refreshment Break
11:20-11:45	<p><i>Comparative Phenotypic and Genotypic Profiling of Virulence Determinants and Antimicrobial Resistance in Uropathogenic Klebsiella pneumoniae Isolates from Catheterized and Non-Catheterized Patients in a Tertiary Care Hospital</i></p> <p>Dr. Poulami Mukherjee, SRM Medical College Hospital and Research Centre, India</p>
11:45-12:10	<p><i>TBA</i></p> <p>Dr. Suppmann Sabine, Fraunhofer Institute for Translational Medicine and Pharmacology ITMP, Germany</p>
12:10-12:35	<p><i>The Association Between Post-COVID Syndrome and Self-Stigma Among the Adult Israeli Population During the COVID-19 Pandemic</i></p> <p>Dr. Tom Polovin, Ben Gurion University, Israel</p>
12:35-1:00	<p><i>A new Universal Fever Definition and the unscientific nature of the conservative fever definition</i></p> <p>Mr. K.M.Yacob Kunnathazhath, Independant researcher, India</p>
13:00-14:00	Lunch

Technical Session - II	
14:00-14:25	<i>Overcoming the intractable HIV latency for virus elimination through sustained autologous immune responses</i> Dr. Prasad Koka, Biomedical Research Institute of Southern California, India
14:25-14:50	<i>Oral Administration of Epitope-engineered Anti-Fel d 1 IgY Antibodies Reduce Cat Allergens and Indirectly Alleviate Human Allergy Symptoms</i> Prof. Xiumin Wang, Institute of Feed Research, Chinese Academy of Agricultural Sciences, China
14:50-15:15	<i>TBA</i> Dr. James Wai Kuo Shih, Xiamen Innovax Biotech CO. Ltd, China
15:15-15:40	<i>Oral Administration of Epitope-engineered Anti-Fel d 1 IgY Antibodies Reduce Cat Allergens and Indirectly Alleviate Human Allergy Symptoms</i> Prof. Xiumin Wang, Institute of Feed Research, Chinese Academy of Agricultural Sciences, China
15:40-16:00	Refreshment Break
16:00-16:25	<i>Principles and Standards for Managing Integration and Comprehensive Interoperability in Intelligent and Ethical Transformed Health Ecosystems</i> Dr. Bernd Blobel, University of Regensburg, Germany
16:25-16:50	<i>Molecular Characterization of Wolbachia Endosymbionts and their association with Canine Dirofilariosis in Colombo District, Sri Lanka</i> Dr. Koshila Ranasinghe, Faculty of Science, University of Kelaniya, Sri Lanka
16:50-17:15	<i>A multifunctional anti-influenza peptide targeting viral fusion and nucleoprotein</i> Prof. Hanjun Zhao, Fudan University, China
Day -1 Conclude	
Day-2 Will be update soon	
This is tentative agenda and subjected to changes. To book your slot, please reach us at mirawen@urforum.org
