A joint Conference in Collaboration with United Research Forum, UK and Mutah University, Jordan

**Under The Patronage of his Excellency Dr Yousef Goussous**

**May 15 - 16, 2022 | Hotel Crowne Plaza Dead Sea, Jordan**

### Using Mendeley as your reference manager

#### Dr. Israa Al-Rawashdeh

*Mutah University, Jordan*

#### Abstract

Mendeley is a free bibliographic reference manager that allows you to collect, manage, share and use references while doing your research. It can be used with Word to add citations and produce a reference list within a document. Mendeley allows you to store full text PDFs within your library, and to annotate them. It also has a web-based element that can be accessed with any Internet browser from anywhere. Most importantly, Mendeley helps you to create bibliographies and 'cite while you write'!

#### Biography

Israa Al-Rawashdeh is an assistant professor and the head of the department of Public Health and Community Medicine at Mutah University in Al-Karak, Jordan. She got the Medical degree from the Mutah University (2010), Masters of Public health Management and Leadership and PhD of Public Health degrees from the University of Sheffield in UK (2013, 2017). She is a researcher in Public health and health policy. She is involved in teaching health related curricula for undergraduate and postgraduate levels.
